Appendix: MHPAEA Violation Guidance Compendium

Section 13003(a) of the 21st Century Cures Act, as amended by section 7182 of the SUPPORT for Patients and Communities Act, requires the Department of Labor (DOL), in collaboration with the Department of Health and Human Services (HHS) and the Department of the Treasury (collectively, the Departments), in submitting its annual report on investigations regarding parity in mental health and substance use disorder benefits, to reference any guidance the agencies provided to address the category of violation committed. This document provides the references to the MHPAEA Final and Interim Final Rules and the guidance the Departments have issued for each category of violation cited in DOL's and HHS's FY19 MHPAEA Enforcement Fact Sheet. Additional materials that the Departments produced (including the annual reports on investigations and additional guidance) may also be found at:
