

## **2018 CMS Navigator Cooperative Agreement Recipients**

Since 2013, Navigators have helped Americans understand their health insurance options and facilitated their enrollment in health insurance through a Federally-facilitated Exchange (FFE). Entities and individuals cannot serve as federally certified Navigators without receiving federal cooperative agreement funding, authorized in the Patient Protection and Affordable Care Act, to perform the required Navigator duties.

Below are the 39 organizations selected as 2018 CMS Navigator cooperative agreement awardees. The table under each awardee organization provides information on which counties or parishes they will be serving, along with their target populations, as outlined in their approved cooperative agreement application. Navigators are required to assist any consumer seeking assistance, even if that consumer is not a member of the community or group the awardee expects to target, as outlined in their application. The tables also include information on subawardee or subrecipient organizations that are under contract with the awardee to provide Navigator duties, if applicable.

The cooperative agreement award amounts listed under each awardee cover a 12-month period of performance from September 12, 2018 through September 11, 2019. Recipients marked with an asterisk (\*) are funded to work in more than one FFE state. Any future Navigator funding will be made available through a new Notice of Funding Opportunity, pending any statutory changes and/or the availability of HHS funds.

## ALABAMA

### **AIDS Alabama, Inc.**

2018 Award Amount: \$200,000

Primary Contact: Matthew Pagnotti

Phone: (205) 324-9822

Email: [matthew.pagnotti@aidsalabama.org](mailto:matthew.pagnotti@aidsalabama.org)
