Change to Section 111 Workers' Compensation Reporting Webinar #2

Tuesday April 16, 2024

Mandatory Reporting for Liability Insurance (including Self-Insurance), No-Fault Insurance and Workers' Compensation

CMS will be hosting a second webinar regarding the expansion of Section 111 Non-Group Health Plan (NGHP) Total Payment Obligation to Claimant (TPOC) reporting to include Workers' Compensation Medicare Set-Aside (WCMSA) information. After the first webinar in November, CMS received additional questions and feedback from the industry. The intent of this webinar is to ensure that RREs will be prepared for the change once implemented. With that in mind, this webinar will include a background recap, summary of technical details, updated timelines and CMP impacts. The presentation will be followed by a question and answer session. Because this expansion impacts reporting of WCMSAs, it is strongly recommended that Responsible Reporting Entities (RREs) that report Workers' Compensation settlements attend.
