Welcome to the step-by-step guide for setting up a .txt file redirect in Wix. Below, you'll find instructions to help you navigate through the process.

Step 1:	In the WIX	Website Edito	r open the N	Media tab	from the	left sidebar	and under '	'Site Files"
click "Sh	now More."							

Step 2: Upload your cms-hpt.txt to the media folder.

- **Step 5**: Create a new redirect.
 - a. type /cms-hpt.txt into the "Old URL" field.

b. Paste the URL from Step 3 into the "New URL" field.

Edit redirect	×
Enter the old URL you're directing traffic from, then add the new URL that you want people to find.	
Old URL (i)	
/cms-hpt.txt	
New URL	
https://94cfa274-abcd-4b62-b942-cc8df92ae0a5.usrfiles.com/ugd/94c	f
Cancel Save Changes	

Step 7: Go to <yourwebsite>/cms-hpt.txt - if your website redirects to the URL posted in step 5 and shows the contents of the text file you know it's working!
