Comments	<p>Vermont changed its EHB-benchmark in 2022 to come into effect in plan year 2024.</p> <p>In fulfilling the scope of benefit requirements at § 156.111(b), Vermont used the Blue Cross Blue Shield of Vermont Plan J with additional coverage for lifestyle and stomach acid drugs offered in Vermont in benefit year 2022 as the basis for determining the scope of benefits provided under a typical employer plan (with the pediatric vision and dental EHB categories supplemented by the State CHIP plan). Vermont selected the Blue Cross Blue Shield of Vermont's TotalChoice plan as the basis to determine the most generous among a set of comparison plans.</p> <p>The state's completed application for EHB-benchmark changes is available for review at: https://www.cms.gov/CCIIO/Resources/Data-Resources/ehb#Vermont </p>
